

**CONTEMPORARY.
AFRICAN. TIMELESS.**

BEHERE

Contemporary, African & Timeless -
That's the visionary concept behind Behere.

Behere is an upscale Boutique Residence, with a contemporary allure, located in Nigeria's capital city, Abuja.

Behere is designed to be a unique residence in the city, offering private stay and with undeniably great lodging experience. We believe excellence is rewarding and addictive and we have built a space that redefines luxury, privacy, safety, comfort and pleasure.

Our management & people are thoroughbred and passionate industry professionals that will be offering all our residents a safe stay with exceptional experience of Great Food, Warm Hearts and all the Comfort of Home.

At Behere our facility is primarily exclusive to residents, and their invited guests and visitors who can access the facility through prior and confirmed booking with the concierge office. Our facility is built to house a contemporary art gallery displaying art works from foremost African artists, a mini workstation space, a restaurant and outdoor café, (The Good Life Café).

Our next generation techno gym overlooks our outdoor swimming pool with a deck area for lounging. An expansive green garden space and our lawn tennis court adds a touch to a harmoniously balanced lifestyle for our residents.

Our occupants are termed residents, because we offer a home-style hospitality from pick up, stay, to drop off, so our residents are not as just hotel "guest" in the conventional sense of hotel operations-we want you to make Behere your home away from home. In celebrating the African continent and our home state Nigeria, we named our rooms after African cities and three notable towns in Nigeria.

The concept of exclusivity - in a busy and increasingly fast paced city is a shift from the norm, we believe you need the privacy of akin to being at home, secure, and safe. Our brand will always represent cosiness, quietness, offering open spaces, greenery, contemporary arts works internally and externally. We ensure round the clock security and CCTV monitoring.

Behere Nigeria is a brand-new facility and we have taken apt measures to design and ensure our facility will always be safe during and after the global Covid-19 pandemic – with restricted access, safe distancing measures, Smart Digital self-Temperature check and Sanitizer Stations with safe daily cleaning and disinfecting protocols in place.
